Cataract control

1288. SHRI P.K. MAHESHWARI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that the Cataract Blindness Control Programme was launched to eliminate Cataract cases in Madhya Pradesh;

(b) the number of patients; operated and success ratio during the years 2001-02 and 2002-03, district-wise; and

(c) the period for which the scheme would continue to clear the backlog?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) Madhya Pradesh was one of the States covered under the World Bank Assisted Cataract Blindness Control Project during 1994—2002.

(b) Cataract Operations performed in Madhya Pradesh during 2001-02 and 2002-03 are as follows:

Year	Target	Achievement	%
2001-02	240000	234527	98
2002-03	240000	224049	93

As per Survey conducted in 2001-02, the prevalence of blindness in Madhya Pradesh has reduced from 2.01% to 1.16%.

(c) National Programme for Control of Blindness is an ongoing scheme.

Deaths due to TB

1289. DR. AKHILESH DAS: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that despite all efforts made in pursuance of the National Health Policy, at least one man succumbs every minute due to the ghastly disease, tuberculosis in the country;

(b) if so, the number of TB caused deaths and the number of new TB cases registered during 2001, 2002 and 2003; so far, State-wise; and

(c) the specific steps taken for eradication and control of TB during these years?

THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRIMATI SUSHMA SWARAJ): (a) and (b) As per WHO Global Annual TB Surveillance Report. It is estimated that about 4.17 lac patients die of TB every year in the country *i.e.* about 1/minute. The details of the deaths reported during the last three years in the areas implementing RNTCP are given in the enclosed Statement-I (*See* below) and number of new TB cases registered under the Programme are given in the enclosed Statement-II (*See* below).
